	Open-faced corner compositions for storage optimization		Made to measure. Lengths every 32 mm (Q and Q-I shelves) and every 90 mm (P shelf)

AVAILABLE MEASURES AND TECHNICAL SPECIFICATIONS:

- Height: measures available upon request; standard: 150, 180, 200 cm
Requested number of levels, adjustable height every 15 cm
- Shelf width: 30, 40, 45, 60, 70, 75, 80, 85, 90 cm (other width upon request)
- Shelf length: "P" shelves: available every 9 cm
"Q" shelves: available every 3,2 cm
"P-I / Q-I" shelves: available every 5 cm

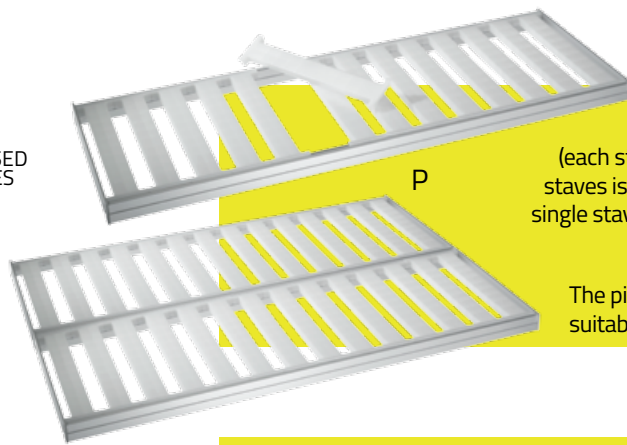

SOME EXAMPLES OF MAX. LOAD CAPACITY FOR EACH SHELF, WITH EQUALLY DISTRIBUTED LOAD:

"P/P-I"	DEPTH		
	cm	30-45	60-90
LENGTH	100	725 kg	695 kg
	127	510 kg	435 kg
	154	350 kg	295 kg

"Q/Q-I"	DEPTH		
	cm	30	40-90
LENGTH	100	660 kg	440 kg
	125	500 kg	500 kg
	152	320 kg	320 kg

Hooked shelves (corner-shaped shelving):
from 150 to 500 kg each, according to the composition

Hooked shelves (corner-shaped shelving):
from 150 to 280 kg each, according to the composition

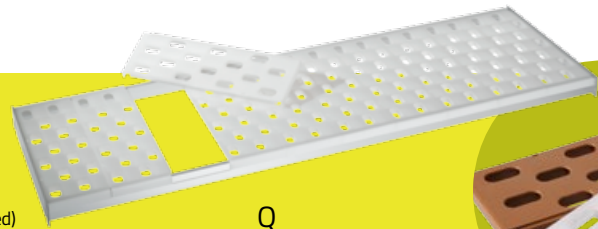

P

Shelf with polypropylene staves (each stave is 50 mm and the space between staves is 40 mm). The picture above shows the single stave model, suitable for 30, 40 and 45 cm (you can see how staves can be removed)

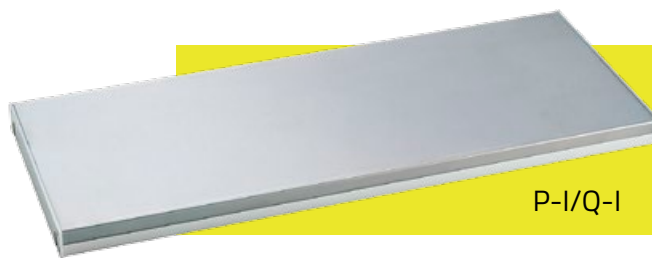

The picture below shows the double stave model, suitable for 60, 70, 75, 80, 85 and 90 cm.

Shelves with polypropylene perforated staves, assembled side by side (you can see how staves can be removed)

Q

P-I/Q-I

Shelf with AISI 304 stainless steel cover. P-I and Q-I shelves can be combined with P and Q shelves, respectively

134P/Q

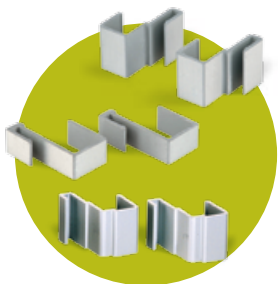

Hanging bars for salami with 2 oval bars
Available also with 3 bars or 4 bars

135P/Q

136P/Q

PAIRS OF HOOKS (FOR CORNER COMPOSITIONS)
