WHY CHOOSE CALIZZANO NATURAL MINERAL WATER?

Simply, because it is not a common water:

1. Light and digestible water with a fixed residue TDS of 39.6 mg / liter only.
2. Unfiltered water, neither submitted to any chemical treatment who surely could alter the special healthy characteristics of the water. In short, from the source to the table in one shot, with the same unchanged amazing freshness. Truly a great Gift of Nature.
3. CALIZZANO water gushes from the springs named FONTI BAUDA placed on the top of the Maritime Alps. The uncontaminated environment, the blowing wind from the sea toward the mountains makes the water CALIZZANO healthy suitable to everyone from newborns to adults. Doesn't a case because it is called the QUEEN OF WATERS
4. Water awarded with the 2004 Golden Mercury thanks to the recognition of high quality.
5. Special Characteristics of the water studied and recognized by the Clinic of Neonatology and Pediatrics of Cernusco sul Naviglio (Milan) (an accredited Public Health Body, into EU Union), as a recommended water for feeding newborns, also for children and adults, as a prevention of kidney stones and in weight loss diets.
6. Low sodium content
7. Wide range of products, from the Luxury PIN UP Premium Edition in glass to the PET line
8. The company: the bottling lines are equipped with the most advanced existing technology, designed & made by KRONES.
9. High reliability of the staff, which stands out for the high professionalism offered, strictly concerned to the customer care.
10. What do customers say about CALIZZANO water? Irreplaceable!!! We believe, worth to try it. No hesitation, FULL CONFIDENCE. Thirsty? Get it!!!
